Overdraft Protection services apply to all transactions and may help prevent overdrafts by automatically transferring funds to your checking account from another account or line of credit you may have at Thinkwise Federal Credit Union for a service charge or finance charge. Please note that overdraft lines of credit are subject to credit approval.

Overdraft Privilege allows you to overdraw your account up to the disclosed limit for a service charge in order to pay a transaction. Even if you have overdraft protection, Overdraft Privilege is still available as secondary coverage if the other protection source is exhausted. Please review the “**What Else You Should Know**” section included with this letter for other important information.

What Else You Should Know

- A link to another account or a line of credit may be a less expensive option than an overdraft. A single larger overdraft will result in just one service charge, as opposed to multiple smaller overdrafts. Good account management is the best way to avoid overdrafts. Use our mobile banking, Internet banking, and telephone banking services to keep track of your balance. For additional financial education resources, please visit www.mymoney.gov.
- The Overdraft Service Charge is the same charge amount that is imposed if a check is returned as unpaid. If multiple items overdraw your account on the same day, each item will be assessed an appropriate Overdraft Service Charge or a Return Item Service Charge. All service charges will be included as part of the Overdraft Privilege limit amount. Your account may become overdrawn more than the Overdraft Privilege limit amount because of a service charge.

- There is no limit on the total Overdraft Service Charges per day we will impose.
- Our general policy is to post items throughout the day and to post credits before debits. (1) Paper checks are posted in check number order (or lowest to highest dollar amount), while ATM, ACH and debit card transactions are posted from lowest to highest dollar amount (or in the order in which the items are received). However, because of the many ways we allow you to access your account, the posting order of individual items may differ from these general policies. Holds on funds (described herein) and the order in which transactions are posted may impact the total amount of Overdraft Service Charges or Return Item Service Charges assessed.
- Although under payment system rules, Thinkwise Federal Credit Union may be obligated to pay some unauthorized debit card transactions. Thinkwise Federal Credit Union will not authorize debit card or ATM transactions unless there are available funds (including Overdraft Coverage Options) to cover the transactions and any service charge(s).
- Giving us your consent to pay everyday debit card and ATM overdrafts on your consumer account (Extended Coverage) may result in you incurring Overdraft Service Charges for transactions that we would otherwise be required to pay without assessing an Overdraft Service Charge. However, this would allow us to authorize transactions up to the amount of your Overdraft Privilege limit and may also help you avoid overdrafts in excess of your available balance that could result in suspension of your debit card. If you consent to Extended Coverage on your consumer account, it will remain on your account until you otherwise withdraw it.
- Thinkwise Federal Credit Union authorizes and pays transactions using the available balance in your account. Thinkwise Federal Credit Union may place a hold on deposited funds in accordance with our Member Service Agreement, which will reduce the amount in your available balance. The available balance for checks, ACH items, and recurring debit card transactions is comprised of the ledger balance, less any holds on deposited funds and any debit card holds, plus the amount of the Overdraft Privilege limit and any available overdraft protection. The available balance for ATM and everyday debit card transactions on accounts with Standard Coverage is the ledger balance, less any holds on deposited funds and any debit card holds, plus any available overdraft protection, but does NOT include the Overdraft Privilege Limit. For accounts with Extended Coverage, the Overdraft Privilege Limit is included in the available balance for authorizing ATM and everyday debit card transactions.
- Please be aware that the Overdraft Privilege amount is not included in your available balance provided through online banking, mobile banking or Thinkwise Federal Credit Union's ATMs.
- Thinkwise Federal Credit Union will place a hold on your account for any authorized debit card transaction until the transaction settles (usually within two business days) or as permitted by payment system rules. In some cases, the hold may exceed the amount of the transaction. When the hold ends, the funds will be added to the available balance in your account. If your account is overdrawn after the held funds are added to the available balance and the transaction is posted to the available balance, an Overdraft Service Charge may be assessed.
- Except as described herein, Thinkwise Federal Credit Union will not pay items if your account does not contain available funds (including the Overdraft Privilege limit) to cover the item(s) and the amount of any service charge(s).
- Thinkwise Federal Credit Union may suspend your debit card if you incur overdrafts in excess of the available balance in your account, including any Overdraft Privilege limit (as described herein). Debit cards on your account will remain suspended until you make sufficient deposits so that your available balance, taking into account any Overdraft Privilege limit, is positive and then you contact us.
- Thinkwise Federal Credit Union may also suspend your debit card if your account is overdrawn more than 32 consecutive calendar days. Debit cards on your account will remain suspended until you make sufficient deposits so that your account balance is positive.
- Thinkwise Federal Credit Union may also suspend your debit card if we are unable to contact you due to an incorrect mailing address or Phone Number(s). You must contact us with your correct mailing address and/or Phone Number(s) to have your debit card reinstated.
- We will impose a service charge of \$15.00 to reactivate your debit card if we suspend your Debit Card.
- If your debit card is suspended, you will be unable to use your debit card for purchases or to access your account at the ATM, and if you use your debit card for recurring payments, e.g., utilities, you are responsible to make other arrangements for your recurring debit payment(s).
- An Overdraft Privilege limit of \$500 or up to \$750 on accounts setup with direct deposits will be granted to eligible consumer checking accounts opened at least 35 days in good standing.
- An Overdraft Privilege limit of \$750 will be granted to eligible Business Checking accounts opened at least 60 days in good standing.
- Overdraft Privilege is not a line of credit; it is a discretionary overdraft service that can be withdrawn at any time without prior notice.
- Overdraft Privilege may be discontinued if you default on any loan or other obligation to us, your account becomes subject to any legal or administrative order or levy, or if you fail to maintain your account in good standing by not bringing your account to a positive balance within 32 days for a minimum of one business day. You must bring your account balance positive for at least one business day to have Overdraft Privilege reinstated.
- Depositor and each Authorized Signatory will continue to be liable, jointly and severally, for all overdraft and service charge amounts, as described in the Member Service Agreement. The total (negative) balance, including all service charges, is due and payable upon demand.
