

Your Funds with Us are Federally and Additionally Insured for \$500,000 and More.

As a member of our credit union the funds in the accounts you have with us are federally insured for \$250,000 or more, and are backed by the full faith and credit of the United States Government. Additionally, the funds in the accounts you have with us are insured for another \$250,000 by us through American Share Insurance's ESI coverage, for a total of at least \$500,000 for each type of account insurance coverage offered. Should you need more coverage, we can help you *organize the accounts you have to obtain millions of dollars* in federal government and ESI account insurance coverage for the funds held in the accounts with us.

Our credit union has built a sound capital structure with careful lending and investment practices that protect your savings and deposits. Further, we provide you with as much federal government account insurance coverage as any financial institution in the United States, and an additional \$250,000 in ESI coverage (for each specific type of federal coverage addressed below) beyond the federal insurance coverage limits.

For your convenience, we have provided you with ten (10) short summaries that explain the key ways we can assist you in organizing the accounts you have with us to increase the federal and ESI account insurance coverage beyond the \$500,000 minimum. Should you have any questions about the federal account insurance coverage provided by the *National Credit Union Share Insurance Fund* (NCUSIF) or our additional account insurance coverage provided by the American Share Insurance company through its ESI (Excess Share Insurance) program, please visit or call us anytime we are open for business and we will be happy to answer your questions and assist you with all your account insurance coverage needs. You can also contact the National Credit Union Administration (NCUA) at 1-800-755-1030 for more information about the NCUSIF (see "About the NCUA and NCUSIF" below), and ASI at 1-800-521-6342 for more information about ESI. Thank you again for being a member of our credit union. We greatly appreciate it!

Federal & ESI Account Insurance Coverage Summaries

The ten federal and additional ESI account insurance coverage summaries that follow provide you with an overview of the key ways we can assist you in organizing the accounts you have with us to increase your federal and ESI account insurance coverage at our credit union. The coverage addressed in each summary is provided by the NCUSIF and ASI separately from, and in addition to, all the other summaries explained in this piece. Therefore, these summaries provide you with a number of ways we can help you maximize the amount of federal and ESI account insurance coverage you have with us. Again, please contact us, the NCUA or ASI should you have any questions about the specifics of any of these federal and ESI account insurance coverages.

About the NCUA and NCUSIF

Your savings and deposits with us are insured by the National Credit Union Share Insurance Fund (NCUSIF), which is backed by the full faith and credit of the United States Government.

Established by Congress to insure member share accounts at federally insured credit unions, the NCUSIF is managed by the National Credit Union Administration (NCUA), a federal government agency and our federal regulator. *This federal government insurance fund for credit unions provides the same coverage as the FDIC's insurance fund for banks.* For more information about the NCUSIF and the NCUA, please visit or call us during business hours, or the NCUA at **1-800-755-1030** or **www.ncua.gov**.
